## **CAREER OBJECTIVE**

Motivated 5th-semester Electronics, Communication and Information Engineering student with a strong academic record and hands-on experience in software and web-based projects. Seeking to contribute to a 3-month project by applying problem-solving skills, programming knowledge, and effective teamwork to develop impactful real-world solutions.

---

## **EDUCATION**

Bachelor of Engineering in Electronics, Communication and Information Engineering

National College of Engineering, Taalchikhel

Current Semester: 5th Semester

GPA:

- 1st Semester – 3.91
- 2nd Semester – 3.82
- 3rd Semester – 3.71

Achievement: Semester Topper

Higher Secondary Education (+2)

Kathmandu Model Secondary School, Baghbazar

GPA: 3.82

Schooling

HEMS School

GPA: 4.00

---

## **TECHNICAL SKILLS**

Programming Languages: C, C++, Python, JavaScript

Web Technologies: HTML, CSS, React

Electronics & Hardware: PCB Design, Basic Electronics

Soft Skills: Communication, Teamwork, Problem Solving

---

## PROJECTS

### Chatbot Application

- Developed an interactive chatbot capable of responding to user queries and providing automated assistance.

### Game Development Projects (Geometric Dash Style & Racing Game)

- Designed and implemented game logic, controls, and user interaction mechanics.

### Note Summarizer

- Built a tool to summarize textual content efficiently for quick understanding.

### MedAssist (Hackathon Project)

- Proposed an AI-powered medical assistance platform to support healthcare access.

### Weather Application

- Developed an application to display real-time weather information.

### PC Health Monitoring Tool

- Created a system to monitor basic PC performance and health metrics.

Project repositories available on GitHub.

---

## CERTIFICATIONS & TRAINING

- PCB Design Certification
- React Training
- Python Training
- Semester Topper Certificate
- Hackathon Participation Certificate

---
